*Over the years, our Worship Ebbs have become fabulous training grounds. Initially, we may have interpreted them as an absence of conflict or challenge; an island in the storm that we held out for. As most of you have learned, that lens can cause us to mistake training in “rest as a weapon” for a trial or enemy attack. Consider Graham’s words here and ask yourself:*

***What type of rest and worship was your ebb designed by the Father to create in you - and what was the process He allowed?*** Take notes. Love the learning. Enjoy the upgrades.

God seeks the pleasure of our company, and He wants us to live in that place forever. Spiritual warriors know that every situation has been designed for us to discover God’s Presence and find appropriate access, using our circumstances.

Confidence in His nature is our entry point, always. To live in His Presence with confidence is His will for us. Our inheritance is to belong to the Presence of God with utter conviction and assurance.

The word “warrior” conjures up images of violence and conflict, confrontation and opposition. While there is obviously some truth in that, a warrior is so much more! The weapons of our warfare are more powerful than the ones the enemy wants to use on us. A spiritual warrior is essentially peaceful, untroubled, and calm. That place of calm and tranquility is the source of internal power and anointing that causes God’s people to overcome. Rest is our weapon.

We win through peace! We overcome by being overjoyed. We overthrow by being overwhelmed. In lives of worship, the goodness of God, the sheer beauty of His nature, has so captivated and filled us that the enemy is pushed away and given no room in our lives.

**Opposition attaches to what we don’t remove.**

**We have reclaimed our inner territory so that we can recover the ground around us.**

Champions have a view of God that sets them apart. They understand that all crises are part of a process that God has set in motion. They are not overwhelmed by the event because they are aware of the process that God is developing around them to train, equip, and empower them in His name. Crisis is a normal event on the road to fulfilling our destiny (2 Corinthians 6:4-10 & 11:23-30).

Immature people only focus on the crisis itself, not the bigger picture of their own development... The process is always about our development into the place that the Father has set aside for us in Christ. Through all the ups and downs of our life’s journey, when we commit ourselves to the process of God, we grow up in all things in Christ.

# Welcome to 2016

When we live a present-future life, we value our journey so far, but our focus is on all that is before us. It's been five years since The Warrior Class embarked on this adventure and I've never been filled with more anticipation than I am this year.

## **New Members!**

We are growing by leaps and bounds. There are close to 30 new members going through the initial three month New Member Process, being prepared to join teams in the next few months! Under Teresa Morrison's leadership as Director of New Members, this aspect of TWC is thriving. Get ready troops! These new ones are full of momentum and rich potential for our community!

## **Leadership Development Training Has Begun**

Over 50 current and prospective TWC leaders are about to begin Leadership Development Training 2016. In this year of "establishing and streamlining", it was time to create a common foundation of leadership training in TWC, based on what has emerged as our Kingdom leadership culture. I am so thankful for leaders who love the learning and volunteer to partner with our members in the process of growing up in God together.

## **Next Level of Intercession Strategy**

Our Intercession focus is refining and upgrading. We'll share the details of this later in this issue of Frontline, but we're having a "this-is-that" kind of experience, watching the Holy Spirit connect dots that we've been collecting since we first began. Our first "Impact Teams" are in action now. These are TWC members who have been through Intel Development Training with Christine Casten, Director of Intel. They will focus primarily on the event intel for the places that Graham chooses to travel this year. But no worries - every TWC Team will have an intercession assignment - they'll just look a bit different.

## **Update on Graham**

Graham continues to rest and renew in Santa Barbara, exploring what's ahead for his Brilliant businesses. "One brand - Three Expressions": Brilliant Perspectives, Brilliant Book House and the new Brilliant TV are experiencing upgrades and new horizons. We're looking to raise the bar in our support for them, praying with God's favor for this territory as never before.

## Expansion of “Go-To-Meeting” Use

After experimenting with Go-To-Meeting video calls on a small scale, we’ve upgraded this as a service that all teams can now take advantage of, allowing us to have up to 25 participants in a video call. Since much of our communication is virtual, seeing faces is so important! It also gives members outside the U.S. a free phone connection through the internet (video or phone).

In short, we’re putting down deep roots into what we’ve been exploring in recent years, establishing in areas where we’ve learned how the Kingdom works for us here and streamlining to be ready for all that is ahead.

And infusing every aspect of our growth and development is the reason that we’re all here in the first place - we’re encountering God in fresh ways and being amazed once again at His true nature. Our conversations are filled with new understanding, through knowledge and experience, of what really is possible in a Kingdom community dedicated to not just hearing truth, but actively, joyfully and intentionally living in it.

As always, your pace, your focus and your opportunities here are your choices to make. That basic value never changes. *You* are the one who decides what your Warrior Class experience will be. And it’s our delight to provide as many quality resources, tools and opportunities as we can.

We’re partners with God and each other in seeing the Kingdom of heaven manifest on earth in ways that will leave the world in wonder of His goodness, grace and power.

So here’s to fighting from victory, not for it.  
Here’s to favor as we’ve never seen it before.  
Here’s to joy that overwhelms all obstacles.

Here’s to what’s really possible with Jesus in a Warrior Class community in 2016!

Allison

# TWC Worship EBB Testimonies

I love our worship ebb. I was an excited to enter into this amazing part of the process this season. My time was spent in prayer, meditation, worship and just thinking. I had also decided to look for new ways to expand worship which might open up new avenues of intimacy with my King.

It was time for me to put on long pants. ☺ The favor, the promise is always there. It is in Him and His presence. Like Graham says, "there is a new rhythm for my heart." It has been very easy to allow Him to escort me into new territory and allow me to experience the show with the admission paid. It is another to have to pay that admission price myself the next visit. What I mean is this. God is so patient, kind and good as we move into new territory and He will hold our hand the whole way. But there comes a time when He wants us to hold the territory because we have become more like Him, and don't need our hand held.

My God and I,  
Ted Mather  
*Dream Team (California)*

I learned that once again there are many threads the Lord is working at in my identity, and He is well able to manage them all at once! One thread can be fast-tracked through its upgrade through the other areas of identity He is working on, stretching on each other at the same time. There's synergy created by the way they are upgraded together. The worship ebb period had a few surprises in my circumstances (including a flooded home) that gave opportunities to challenge my rest, patience, and what I believe about who God is to me in areas of my identity. I saw where I'd grown from a year ago and was encouraged, as well as seeing there is still room for growth. 2016 is filled with promise and opportunities, and I'm ready for it!

Blessings!  
Victoria Boyd  
*Lightbearers Team (New Zealand)*

This worship ebb was an opportunity to experience change on all those levels. I came face to face with who I was originally created to be, and sixty-seven years of the old (wo)man finally died; may she rest in peace. I am getting to know this new identity, on the other side of the pain, and I am pretty excited about her destiny in Christ.

In His care,  
Doris Chapman  
Warrior Eagles Team (Washington)

During the Worship Ebb when a few of us were worshipping, God gave me a picture of new territory. He was saying that we had stepped through a doorway into a new land, and it was ours to explore and own. Whatever has happened in this worship ebb, I know that I have broken through into a new place.

Thank you Lord!

# TWC Intercession 2016

This year is a different landscape in intercession... and we're ready for it! For the first five years of The Warrior Class, our primary focus was on worshipping, listening, gathering prophetic intel and developing "prayer points" for each of Graham's assignments as he traveled.

During these five years, we've learned a great deal. (For more on this, see the article "Our Story and Journey in Key Territories" on page 2 of Training Journal 15). We've watched as the intel collected for Graham began to reflect common Kingdom themes, messages and territories. In a few months, we will begin to build a new body of intercession around these themes, based on the intel you have given us. So, what are we praying now? Actually... quite a lot!!

1. Specific targets for Graham
2. Anaheim 2016
3. Kingdom Assignments taken

## 1. TWC-Wide Intercession Targets for Graham

For the months of February, March and April, we are going to focus specifically on intercession for Graham in these areas:

- health and rest
- writing and revelation
- financial favor

On the following pages, you will find our Prayer Points to write your own Crafted Prayers or Crafted Declarations from in these areas. This allows us to be praying with one heart, one mind and one voice, as well as write our prayers in a style that works best for us.

Our purpose for these in our next three months of intercession is:

- To be laser focused in intercession on these targets of health, rest, writing and financial favor in a way that brings new levels of breakthrough.
- To gather further and more specific intel in these areas.
- To create Kingdom deposits of intercession that can be drawn on now and in the future.

Continued...

## 2. TWC Wide Intercession begins NOW!!

### Brilliant Event in Anaheim

Friday Sept. 30 - Sunday Oct. 2nd

We're not waiting until a few months out to begin worshipping, rejoicing, listening, and praying for our premier Brilliant Event in 2016. We're starting NOW!

Our job as The Warrior Class on the team is to:

1) Listen for what Jesus and the Holy Spirit are praying about this gathering.

- What are the key breakthroughs They desire?

- What old perceptions and mindsets does God want people to unlearn here?

- What specific New Man territory does He want to release revelation in?

- What specific obstacles or fights will we face, and what is God doing instead?

2) Begin contributing now to the atmosphere of heaven being present in this location... a thin place where revelation and worship connect us "on earth as it is in heaven" in a way that makes Brilliant Events unique, full of powerful, personal encounters with Jesus.

3) To release favor, not only for Anaheim 2016, but towards Theresa Cooke for the negotiations and territory for 2017.

Record, explore and expand what you get now... and hold on to it. Then, when we begin to request intel in a few weeks, you'll be prepared. This is a tremendous practice ground for prophetic intercession. Take full advantage of it!

If you feel you receive further prophetic intel into any of these three areas, gather and record your pieces. Look at any dreams or visions and ask the Holy Spirit, "What does this mean?" Use these questions to refine what you feel Jesus and the Holy Spirit are praying.

*What specific target is this prophetic intel for: health, rest, writing or financial favor?*

*What specific promise or provision is God giving to Graham in this intel?*

*Is there a scripture that is the focus of this intel?*

*Is there a dream or vision (3-4 line summary) and what do you feel it means (3-4 line interpretation please)?*

*What is one key to breakthrough for this target in this intel?*

### 3. TWC Wide Prayer for Graham's Travel Assignments

While TWC Teams are praying for Graham's health, writing, financial favor and Anaheim 2016 - our new **Impact Teams will be gathering intel for the limited number of places Graham has chosen to travel.** These are TWC members who have been through Intel Development Training (IDT) and are now specializing in event intel.

The new level of power that this creates is that when we post the Prayer Points in each Intercession Update for the places Graham travels to, *ALL of The Warrior Class will be praying them*, not just one or two teams!

We will also be posting a sign up for **hour-by-hour intercession for Graham and Theresa's flight to New Zealand & Australia**, Sunday evening March 6th through Monday afternoon March 7th. Watch for details on our TWC Facebook page and future Intercession Updates.

In April, we will update you with our next steps in intercession for 2016. Continue to take your own internal Key Territories outlined in last fall's Training Journal #15. That's a form of intercession too!

#### Prayer Points for Graham's Health and Writing

##### Health and Rest

**Inheritance Word: Psalm 91 & 27**

We rejoice that:

- God is faithful and intentional to heal Graham (F.A.I.T.H.) - God's true nature as Healer is Truth that changes physical facts.
- Opposition only brings amplification of the true nature of God for him.
- Peace, joy and lovingkindness surround him at all times, in every circumstance.
- Great rest and peace are promised to him always. He will not be overcome.
- God is both his Healer or his Keeper at all times (but we'll take Healer any day!)

*We declare:*

- \* Graham to be on earth as he is in heaven, strong and brilliant.
- \* A man of Your joy, rejoicing always.
- \* A celebrant on an optimistic journey with the Holy Spirit.
- \* A whole man overcoming illness.
- \* A strong man of stamina and energy.
- \* Normal blood sugar levels.
- \* Joints that move freely.
- \* Freedom from pain in any form, from any source.

#### Writing and Revelation

**Inheritance Word: Jeremiah 1:9-10**

We rejoice that Graham's writing:

- Causes faith to be reborn.
- Rekindles desire and unlocks hearts, souls and mind to God's true nature.
- Resurrects lives of praise and worship.
- Renews passion for a Good Fight; empowering people to become More than Conquerors.
- Is infused with Your quickening Spirit that makes up for lost time.
- Carries Your love that melts hardened hearts and heals the brokenhearted.
- Understands the times and seasons of the books still to be written.

*We declare:*

- \* That the life body of work entrusted to him will be fully and brilliantly written.
- \* Fresh revelation that rises to connect the dots of previously known truths.
- \* Keys of wisdom, reserved for now, that unlock new levels of brilliant thinking.
- \* Outrageous, renewing joy in the partnership of writing with God.

*You will find these prayer points in a printable form in our Intercession Update*

## Financial Favor

We rejoice that:

- Father, what You have ordered for Graham and Theresa, You will pay for.
- You are the one who deals with the finances, and You deal with them well.
- You withhold nothing. You are the God of abundance.
- Graham stands in the impossible and thrives in the territory that requires miracles.

We declare:

- \* Financial favor, upon favor, upon favor, upon favor as has never been seen before.
- \* Outrageous returns for the investments made in people and in territories of faith.
- \* The Gift of Time to be funded for years to come, in creative and unexpected ways.
- \* A spirit of joyful giving creates an abundance of Kingdom resources that can be shared.

### Promises from the prophetic word "Inheritance and Glory"

"My true sons live in a place above need.

They live in their inheritance!

I want you to come to a place in My Spirit where your identity releases your provision.

You ask from your inheritance,  
not from your need.

I want you to know your inheritance.

I want you to plan, strategize and budget from that source; that you would have such a confident expectation in Me!

That in the place of high praise,  
you would confidently declare your identity in Me and confess your inheritance before My throne.

Such prayer will open windows in heaven.

Creative miracles, outrageous provisions and incredible favor will fall upon you.

No good thing will I withhold from those who walk uprightly in My Spirit."

(page 307 in *Prophetic Wisdom*)

# “The Gift of Time”

## How The Warrior Class Can Contribute

For the many inquiries from Warrior Class members, who have asked how they can continue giving toward Graham’s time to renew and write, the 4-11 Foundation from Atlanta, GA has provided a marvelous way to not only invest in Graham’s health and writing, but offers a tax deduction possibility for your giving!

The 4-11 Foundation is a ministry that provide technology platforms for key apostolic and prophetic ministries. They are a ministry partner with Graham and provide the platform for [BrilliantTV.com](http://BrilliantTV.com) at no charge.

**The purpose of “The Gift of Time for Graham” is two-fold:  
To write and to recover.**

If you would like to continue giving towards this goal, there are two options:

Checks:

Make these payable to: **The 4-11 Foundation** (not to Graham Cooke)  
Memo line: “The Gift of Time” 2373 Greenglade Rd Atlanta, GA 30345

2. Online with Credit Card: [www.4-11.org/SupportGraham](http://www.4-11.org/SupportGraham)

While the donations are not directly to him, **100% of your giving will go to Graham.** Gifts over \$250 are tax-deductible. Please include your mailing address with your gift to obtain a receipt that will be sent to you by the end of January. It is understood that no goods or services were provided in exchange for your donation.

As most of you are aware, Graham has spent a lifetime giving to others. In every conference I’ve ever attended, only one offering was taken... and it has always been given to support another ministry or community such as “Not For Sale”. The passion to create Kingdom resources for others has been a key part of Graham’s ministry for decades.

Now it is time to see that investment returned 100 fold for him to be physically ready to go into the fullness of the territories before him and to write the books he has been preparing for years.

Personally, I am believing that this stream of resources will grow into a river, that leads to an ocean, so that from this time forward, Graham is free to travel ... or not. There’s lots of ways to fuel Kingdom expansion. This is just the beginning.

And why should it only be for one year? I believe there’s more. But one year is a good place to start... so we’ll start there. **Let’s contribute now so this entire year is covered quickly.** That sounds like a perfect Warrior challenge. We’ll take it! ~ Allison

# WHY I LOVE TRAINING

Kelly Megonigle  
Director of Training

I LOVE training. I love to watch movies and see what it looks like in live action scenes, how preparation and training win the day, and I love that training prepares us for what lies ahead - we may not have a complete understanding of what is being trained, or how we are going to get there, but Holy Spirit takes our hand and as we partner with Him, He prepares us with a sure foundation and a fantastic strategy to use that training with skill and accuracy!

The primary thing that drew me to Graham and his message was his relationship with the Father, Son and Holy Spirit. The intimacy that I heard in every story he told and every struggle that he shared tells not just the outcome, but the process of that outcome; and it all carries with it the heavy weight of intimate communion with the One who wants the very best from every circumstance, every training ground that I face. Hearing Graham share made me want that same relationship that He had. I knew it was available and I gratefully started putting into practice the many suggestions and applications I heard and listened to (over and over again!).

I work in a Corporate environment where I have provided customer service for any number of products. In one of my jobs I had the opportunity of training the newest member to the team, when I had been employed for all of 3 months. When I made mention of the fact that I didn't really know anything, they called me up and in effect told me I was the best trainer because I was the one who had most recently learned the material so would remember the struggles, the challenges that would need instruction and the things that might create obstacles. So I took on the task of training which helped me learn more, and it turned out to be a very good learning experience for the new co-worker.

I have been trained by people who have been in their roles for decades and trained by others whose experience could be measured in months. We all have value to add and remaining teachable as well as willing to engage in our training will prepare us for our next upgrade, prepare us to help others in theirs, what JOY. Helping people learn and experience how training has changed their understanding, helped them grow and deepened their relationship with the One who loves them best is a pleasure beyond words.

As I embark on my new journey as Director of Training, I look forward to talking with you, hearing from you, growing with you, learning with you and exploring this territory with you. Let the journey begin!

~ Kelly

# MEMBER SPOTLIGHT:

## Eric Dykstra

Team: Freedom Fighters

My name is Eric Dykstra and I've absolutely loved being part of the TWC community. I moved to Northern Illinois back in July from the great state of Colorado. I have been married 8 years to my wonderful wife Michelle. We have three children; Kamryn (6 year old daughter), Kaiden (3 year old son), and Calvin (4 month old son).

TWC has helped develop me as a follower of Christ and radically changed the way I lead my own life and lead those around me. I have worked full time with the Fellowship of Christian Athletes since 2007.

God has placed a great passion in my heart to come alongside coaches and athletes and see God transform lives in the world of athletics. TWC has provided so many wonderful tools that have elevated my leadership and how I approach what I do. Honestly, I enjoy what I do so much more now, because of all TWC has deposited into my spirit.

**My perception of ministry has changed, I only focus on seeing the opportunity and provision of what God is wanting to do in every situation, and I've really learned how to utilize and release the prophetic gifting that has been developed as a result of understanding and establishing my identity through the Level 1 Training.**

It was through working with FCA in Colorado that I had the privilege and opportunity to meet Lori Mateer, who is a member of TWC. She gave me Graham's teaching called "Unveiling the Kingdom," and something about the way he taught, what was shared, and the depth he had really connected in my spirit. I was hungry for more of what God had deposited in Graham so I went online and purchased the prophetic series, wisdom series, the way of the warrior, and the Being with God series. This was back in 2012, and I joined TWC in November of 2014. It's been one of the best investments of my life.

Shortly after I joined TWC, I had a chance to go to one of Allison Bown's *IGNITE* workshops that was held in Denver. She did two different workshops, one on Joyful Intentionality and one on Identity. I loved these two workshops, and they kick-started a wonderful process of exploration and adventure in my walk and as a leader in FCA. There was so much in what Allison shared that resonated in my spirit and made me curious to go further and explore the truths that were presented.

### Reframing Risk:

Risk has been redefined in my life dramatically. The only risk I find dangerous in my life is not pursuing God with everything I have every single day and elevating my experiences and encounters with Him daily. I understand I can't afford to stay where I currently am, nor do I want to. There are still risks that I face every day, but my mindset has changed to see them as opportunities and possibilities. I welcome risks in my life now, because I know that I need to step into more of my identity and exert my identity in those moments so that I can receive my next upgrade in relationship with the Father.

Continued...

I've now been in Illinois for just over two months, with a new position as an area director with FCA in Northern Illinois. There has been a lot of acclimating to a new area, building new relationships, and settling into a lot of new things.

**The past several years of interacting and soaking in the TWC materials has re-positioned me to form a new attitude, mindset, and language on so many levels.**

What has been poured into me through TWC, is now being released into others' lives all around me; from coaches, athletes, and even my own family! I've learned to be much more of a catalytic leader who facilitates questions and opportunities for others to explore. I've had so many conversations with people, that when I leave and re-examine what was said, I'm amazed and don't even recognize what I said or the insight I gave, because it was spiritually appraised and released to exhort, encourage, or comfort the other person! Almost every time I have the opportunity to meet someone or listen to someone, God almost always shares something with me to encourage that person with, build them up, or affirm what God is already speaking into their heart. I'm so thankful for TWC, and feel so blessed to be a part of such a wonderful community. I've enjoyed the relationships of my teammates in the Freedom Fighter group, and the interaction on TWC Facebook page with all the other members.
