## Transfixed on Majesty

Christine Casten  
Executive Director of TWC

Our eyes are transfixed on His Majesty. We are praising and seeking His Majesty in all things.

In TWC we spend much of our training on the intimate connection we can have with the Lord. Through the permission granted to come to His heart of grace, we learn what it is to have a close relationship with Abba, Father. This is the Yaweh aspect of God's majesty. The encounter with a God who pulls us close is beyond words and changes us forever.

Another aspect of God we often forget in our pursuit of closeness with Him is Elohim. This part of the majesty of God takes us into His power, preeminence, and the fact that He is the prevailing King of all things.

### **There are moments in our lives when we feel the weighty Shekinah glory of the Lord.**

We experience it in those times we can no longer stand in worship any longer. We bow before Him and feel something urge us lower. We feel His power and few can help but fall to the ground, overwhelmed by the Goodness of Who He is. It's those precious, and too short, moments when we glimpse something of the throne room of heaven. We are never the same.

What is it like to posture ourselves in His Elohim majesty? Could our earthly bodies even absorb the fullness of what that experience would be? Yet, in our desire to know more of God, we can also position ourselves to live in a deeper place of reverence of the immense power He carries.

To think for a moment of the uncountable number of things He created with His words. To consider His intentionality to bring Jesus into our world, living a life fulfilling over 300 prophecies. Think of the times His hand has moved in our lives to bring multiple things together at just the right time in just the right place?

Continued...

What does the hand of God moving produce in each of us? In TWC? In others around us?

Our Majestic God has released a Spirit of Unity and promised to hold us, The Warrior Class, in His hands during this time. This promise undoes me. It takes me to a place of wonder, hope and intentionality. Who are we becoming that He would wrap His hands around us, carry us and provide for us in this season in this way? What does this season hold that He would actually lift us into a place of His protection and grace? What does this mean for us, as a community, for our times of intimacy, promise and provision? What challenges will we get to overcome, knowing He has us in His hands and is guiding us with so much deep love?

**We are in such a special season right now as He holds our community close.**

So, we have to ask...Who is He for us now that He could not be at any other time? What will we do with this understanding, knowing majesty is on hand in a specific way?

Let us not move past this moment without taking time to be transfixed on His majesty and seek what this means for us. If you have a specific word regarding TWC and God's majesty, we would love to hear it. Please send a concise version of it with your understanding to [christine.casten.twc@gmail.com](mailto:christine.casten.twc@gmail.com)

- Christine

*"Our eyes are transfixed on His Majesty.  
We are praising and seeking His Majesty in all things."*

# Warrior Class Training

---

We often describe the rich number of resources TWC holds as a REALLY large buffet table. We have a treasure trove of training, specialty training, and resources for further development.

## **The question our warriors ask is how to choose from the many options we offer?**

With the consolidation of our TWC Facebook page, we now have a chance for of us to join the calls available. We made the choice to open most of those training calls and Calls to Engage (see website highlight) to all of our community. So, now we have even more resources available.

## **How do you choose which calls to join?**

Easy! Consider what you are passionate about or what your current focus is in your training? We have calls to process your training, calls to find out more about The Warrior Class, calls to discover more about Intel and Intercession, organization of your training and specific areas of training you may want to pinpoint.

The reality is you are a warrior! We are not here to make it easier for you to choose. In fact, we will continue to offer more options as our community continues to develop. That means you are learning what it means to be intentional about your process of growth. If you cannot make a call, listen to the recording and write the coach a note with some of your thoughts. Be proactive. Take your growth process into your hands and step forward into the options God highlights for you in this time!

## **Here are some questions to help you assessing your options:**

- What area of your training would you would like more support?
- What might help you go deeper into your current focus?
- What is God laying His finger on as your next area of upgrade?
- How can you challenge yourself to go deeper, expand, and/or interact with others who are looking for those things, too?

**Karleigh Wood**  
Director of Intel

## We are offering Intel Development Training!

The training will start on March 2nd and run through the middle of April.

---

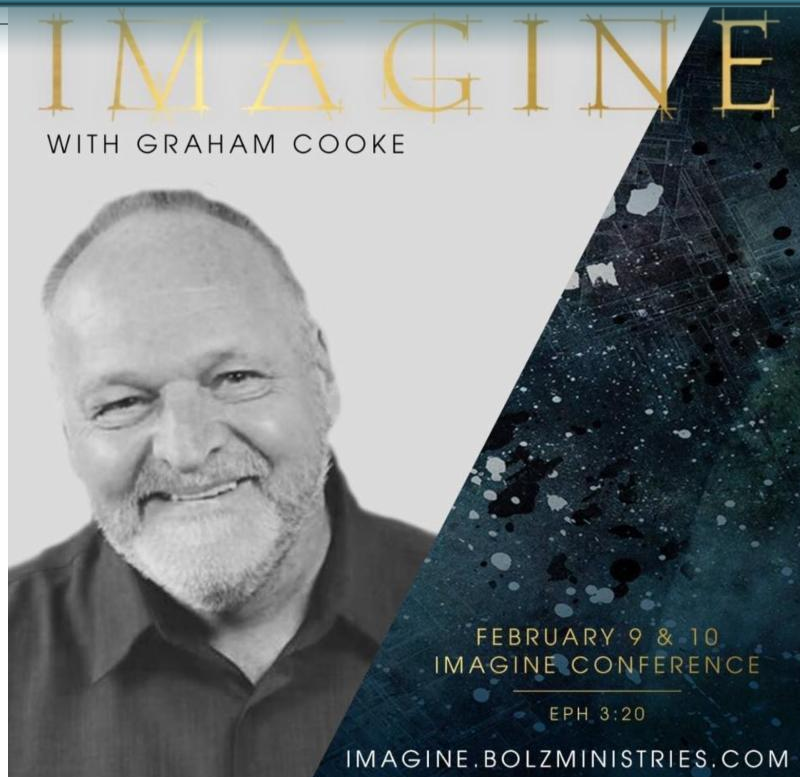

This year our entire community is participating in providing intel for Graham's events and some other assignments. If you have a desire to learn more about Intel within TWC and have completed module 1 of Level 2, I have good news.....We are offering Intel Development Training (aka IDT) this spring!

For those who don't know much about it, Intel Development Training offers you an opportunity to draw closer to Father, grow in your prophetic gift through various exercises and bring down promises that will impact our community. Given the time and attention of this module, I recommend you pause any other training you might be working on or try to complete it before this one begins.

Space is limited due to the volume of submissions and trying to keep the number of participants on the calls small enough to generate a good dialogue. Please know that any who apply that are not a part of the 2018 Spring IDT will be automatically added to the waitlist and you will be given preference for our next training which is possibly in the fall.

Applications for all those who have completed module 1 of Level 2 training will be sent out around the second week of February to be returned by February 23<sup>rd</sup>. The training will start on March 2nd and run through the middle of April.

- Karleigh

Graham will be a speaker at the IMAGINE conference.

Here is our Crafted Prayer:

We declare a shift in New Man thinking, taking it to a place of clear application to guide you into the new land. Suddenly, revelatory Truth opens your eyes to your permission. Look up and enter the land ahead.

The fire of refinement brought you to a place of holiness and purification. In this moment, God releases a shift through fresh surrender. You will cross a demarcation point for His glory, clearly identifying the path ahead. Grab hold of your invitation to fullness: joy, confidence, and strength.

Laser focus on Him, partnered with your promises, accelerates your inheritance in Christ. Posture yourselves in faith to breakthrough to freedom and joyful confidence.

John 8:32 "For if you embrace the truth, it will release freedom into your lives."

Colossians 3:10 "For you have acquired new creation life which is continually being renewed into the likeness of the One who created you; giving you the full revelation of God."

# The Faithfulness of God

*Teresa Morrison*

I had the opportunity to go to Texas in January to meet with Christine Casten and Karleigh Wood. Aside from laughing and sharing stories, we spent time praying to see what the Lord has in store for TWC in 2018 and beyond.

**He did not disappoint!!!** The first day we came together to pray, postured to worship and listen to His heart. Remember my video on Facebook on what the difference is in Prayer & Intercession? *"It's the process!"*

We collected "Intel", which is what the Lord is praying (Ro. 8:34). Within a few days we pulled our words, dreams and scriptures together and created a Crafted Prayer to later intercede, declare and proclaim. We realized that this was only the beginning. Prayers change and expand, dreams become bigger, and others add in their pieces.

The first night I was there, the Lord gave me a dream. The Holy Spirit was moving in high velocity with vivid colors. He was in a high-tech recording studio. It was nothing like I've seen on earth. I was amazed! I could feel LIFE, POWER and GRACE. It was the supernatural power of His words and movement that stuck me. He came to give us (TWC) a message. In simple terms He said, *"Use what you've been given. You've been given much. Enjoy the journey of being prepared. One will reach thousands in their lifetime, and others will reach more. Keep moving forward!"* Friends, there is greatness amongst us, and together we are strong! If you've considered getting off the potter's wheel, hold on to His strong hand, He is making something beautiful!!!

It is my great JOY to share with you a few of the scriptures and the Crafted Prayer that came out of our time together. The one thing I do know is that we have a strong foundation: **Christ**. I'm honored to see how we excel together!!!

## **Crafted Prayer and Scriptures:**

Let us be overwhelmed by Your majesty so You are all we can see. Our unity aligns us as we are one in You.

As we set foot on the new land, **let our yes be resolute**. Let our focus be pure in heart, mind and attitude as we partner with You.

May we see the power of our unity bring the impossible and produce the wonder that will be. May Your delight propel us into the joyous gifts You have prepared in abundance.

Raise us up in Your unfailing love. You will never cease to pursue us with the goodness of all You are.

Commit us to receiving Your outpouring of faithfulness to see Your promises fulfilled.

Lord, we are expectantly confident to see Your strength in the new land.

Key Scriptures: Psalm 23:6, Leviticus 26: 4-13 Amplified version.

**Juna Light-Stayner**  
New Member Coach

## Training Calls Joyful Intentionality

---

Joyful Intentionality is a book that opens doors of experience, thoughts and relationship. It is so exciting to share what is touching, transforming, and awakening new members as they walk through the mindsets and tools.

Like Frodo and Sam, as they take their first step away from the shire, new members discover a brilliant new world stretched out before them. Although they start out alone, before long they are joined by others and enter into fellowship with warriors of like minds and the adventure begins.

One discovery encompassed stepping out of comfort zones and tearing down walls all while building a stronger relationship with the Lord. Another is the beginning of a journey encountering true identity, a mystery to be unraveled. There is a true freedom in TWC that new members experience with great joy.... the realization they will not need to perform to reach a particular achievement.

As Nancy Wood mentioned, "It is in the little steps. Even this call for me is a little step." The little steps add up until a new member realizes they are pressing through a comfort zone that has held them back.

Sylvia Tan is enjoying learning about this vibrant community and experiencing what it offers her in personal growth. Already she is "spending more time with God learning to listen and be still." As Ann Fuller spoke of "Powerful Choices," all agreed that it is a challenge in itself to choose one chapter that has had a strong influence on them. "The mindsets are not isolated—but rather are interwoven. They connect."

Joyful Intentionality not only shares powerful mindsets but provides an intriguing box of tools. The most powerful for this group of new members was Adventure Days with God. As Sylvia shared, her heart opened and we could see how her adventure has and will continue to point to "a deep need I have to continue soaking and live in His delight. It means moving the old man over and awaking the new man at a heart level."

Adventure Days with God removes structure and opens up the unexpected, which is what is to be expected.

- Juna

Linda Smallbones  
Warrior Team Coach

## CONNECTIONS IN TWC

---

One of our values as a community is that we are a prophetically-inspired, *relational* community. Every member's input is requested and valued, connection is treasure to us! You are the gold, and together as a community, we're a treasure trove of magnificent proportions in Jesus!

What do you do when you have 200+ members in the Warrior Team, spread out across 4 continents over multiple time zones and you're a *relational* community?

**As a Warrior, you see the Possibilities and you make a plan!**

Sharon Rudolph, Warrior Team Lead Coach, spearheaded the Connections Team, recruiting myself, Angie Taylor and Judy Austin to partner with her to send emails to each Warrior Team member between July and November 2017. The need for capacity building was seen and 5 Warrior Team members answered a personal call to join Sharon and myself as "Connections Ambassadors", to be trained to send out emails to members.

**A personal joy for me during training was to get deeper into God's language and heart for people, within TWC values and culture.**

To ask the questions, "God, what better language do you have for me to write this email? How do I convey Your heart in Your words to this person?" As a prophetically-inspired people, this is the joy of our journey and learning; speaking out God's heart, His words of encouragement to His Beloved!

Here is an open invitation to connection in the Warrior Team in various ways; via email, Facebook, Training calls and through finding a Buddy (info on Buddies can be found under "Access" and "Engage and Connect" on the website). As Christine shared in her video on Facebook, the word for 2018 in TWC is UNITY. Unity takes intentionality and initiative in making ourselves available for connection and interaction with others.

Watch out for an email in your inbox from a Connections Ambassador soon! Before you receive it, I want to encourage you to think about this question, "How do I plan to share my gold with others in TWC in 2018 in a way that contributes to connection and unity?"

- Linda

**Anna Cross**  
Champions Team Coach

## CHAMPIONS TEAM

### DEEPER STILL

2017 was a Brilliant year for our Champions Team!!!! Every member of our team experienced Holy Spirit upgrades in their relationship with our magnificent Papa while navigating the circumstances in their lives – illnesses, moves, job changes, family dynamics, ministry and finances. All were navigated with grace and joy by the happy recipients of upgraded lenses and heaven-focused mindsets – HOW FREEING!!!

I personally spent 2017 going through some deep, elevated personal upgrades in my own relationship with Papa. As a “Veteran” member of TWC, Papa used this year to take me deeper with Him than ever before. As an outgoing, joy-filled, goal-oriented extravert, who thrives on “checking off the boxes” (the more boxes the better!), my growth opportunities were nothing like I expected. Papa grabbed my hand and a flashlight, and we explored the deep cavern of my feelings... It was never my intention to go there.

When I asked Papa why I had struggled with food since I was a toddler, and why that “old man” kept coming back no matter how many times I worked on my “food behavior”, He hugged me deeply and said – “It’s time.”

#### **The entry into this journey was my Champion training on the Fruit of the Spirit.**

We all know the list: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and SELF CONTROL! Silly me – I thought food was a self-control issue! NOT! It was a PEACE issue. Papa showed me that my peace was fragile and in desperate need of an upgrade. And the path to that upgrade led through my feelings.

By listening to Graham's teachings on the Fruit of the Spirit, and tightly holding to Papa, I allowed myself to experience loneliness, insecurity, fear and anxiety. Instead of stuffing and covering those feelings with food, I took them to my gentle Papa, to process them, grow in my trust of HIM, AND, become a more compassionate, whole version of Jesus to His people.

Where will 2018 take you? What caverns of deep exploration need the light of Jesus, so that you can be catapulted into Heavenly freedom? LET'S ROLL!!!

- Ana

# Website Feature of the Month

## Updates to our Website

We are making content updates to our website. We have moved a few tabs around and are in the process of updating multiple areas to reflect what we have learned. Our 2018 January-June call list is available under the access tab. As our teams and training have continued to evolve and solidify, we have learned a few things and tweaked a few others along the way.

### **One thing we recognize is the desire to make our community more relational.**

We are working with many of you to collect your ideas and develop opportunities for these ideas to become reality. With the permission granted to explore and discover, we are exploding with the possibilities of all that means for us in TWC. We remain authentic to our foundational values and principles while exploring what it means to rise up as warriors and intercessors in this season.

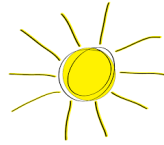

### **One shift we have made is exploring more about the relational connections many of you have requested.**

We added a tab called Engage and Connect under the Access section of the tab. Under that tab, you will find that we have expanded Warrior Buddies to all of TWC. We also talk about our new processing and relational calls. Each meeting is a "Call to Engage" in the process, story and journey of our passion and training in relation to our TWC values. In addition, we also have a tab explaining more about Warrior Gatherings, what they are, and how to hold one.

If you have any questions or would like more information, please contact your coach(es)!

## MEMBER SPOTLIGHT:

*Hazel Carter Strachan*

### **About you**

I am Hazel Carter Strachan from the beautiful twin-island Republic of Trinidad and Tobago. I love the Lord and His Word is my greatest passion and inspiration.

I am a Human Resource and Learning and Development professional. In March 2016, God graciously joined me to "The Warrior Class." In April 2016, I stand in a broad place surrounded by opportunities that I can only see through the eyes of my new man. I have transitioned from being a survivor to becoming a Warrior and one of my strongest bases is being a member of The Warrior Class.

### **What Part of God's nature are you discovering?**

The aspect of His nature that attracts me to Him and makes me feel most relaxed is that of Light. He is the light of the world and in His light I see light. Jesus as light provides knowledge, understanding, wisdom and revelation that empowers me. Because He is light I am attracted to Him, I am drawn by the Light of Life and I feel blessed, special, relaxed, chosen, adored, and accepted. I feel that acceptance in the beloved most when the nature of God as Light of Life is seen.

### **In what ways are your thoughts and language being upgraded in TWC?**

Putting on the mind of Christ is no longer an abstract verse in the Bible. It is a reality and I have experienced a lens change. My thoughts affect my sight and I see situations differently. I see trials as opportunities to plunder, mine and obtain spoils. Joy is literally a language of its own. I rename all my situations "pure joy." I own joyful intentionality and circumstances have to go through this territory to get to me. When circumstances pass through they get translated, flipped, and renamed. I plunder circumstances in this battle, circumstances do not plunder me.

My relationship with my husband has improved significantly and I am calling him up to how he is known in heaven by walking toward him in the opposite spirit. I no longer use language to place demands on him and how I think he should behave. I use language to proclaim those demands in the spirit through crafted prayer that moves in the opposite spirit. Instead, I abide in love and affection for Him so that I am a visual aid to Him of true Christ-likeness and kindness.

"The Lord is Faithful and True"

## My Identity Statements:

I am a **time redeemer** with the ability to turn back time through acceleration. I engage others in a journey characterised by relishing and plundering the evil days; they provide pointers, tools and treasure to reinforce and hasten our expedition toward purpose and destiny

I am a **river maker**: One whose heart is so captivated by God in the desert that rivers and pathways spring from my inner man. Others forget the former things and their past as a clear path in the present is revealed toward their future.

I am a **living epistle**: Christ lives in me His story and journey in me is His visual aid in the earth, my life is a letter, being written on the hearts of those being reconciled to God.

I am a **name-changer**: One who renames people and situations so they line up with the Word of God. The old name and the old nature cease to exist as I call others up to their new identify in Christ by naming situations and naming others through prophetic insight and the heart of God.

I am a **trusted advisor** in the Kingdom with wisdom emanating from my spirit. I can see, write and articulate His vision and unlock truth for others to understand.

A **wealth distributor, kingdom financier** and **Seed Sower** who breaks the back of lack so that God's resources are distributed among His people.

A **map maker** who is inspired by God as a **way-maker**, the wilderness creates a path as I enter its environment.

I am God's **implementer and influencer** in the earth. My ministry is cloaked in my identity as a holy and **sacred temple- carrier of His glory**. There is a recognition of the Holiness and Sacredness of God that is being poured out alongside the outpouring of His Goodness.

"My name is Hazel, from the biblical Hazel which means **the Lord has seen**. His light has illuminated darkness, old mind-sets, religiosity and lies. The platform of lies I once believed have been demolished by His light and I can see. **I have a new lens.**

**Worship** is a key that has unlocked doors and destroyed barrenness in my life. I have used worship as a weapon since I accepted the Lord Jesus Christ as my Lord and Saviour at age sixteen."

**"He is the light of the world and in His light I see light."**
