## Using this Guidebook: Print it Out

We strongly recommend that you print out this Guidebook and create a Warrior Class Notebook, with this as one of its sections.

Our members have found it extremely helpful to keep their TWC information, intercession assignments (“Joyful Acts of War” see page 20) and Training materials all in one place.

When you have a question about TWC, this Guidebook should be your first stop. We truly don’t expect you to remember the multi-layers of The Warrior Class, nor should you even try.

**That’s what resources like this Guidebook are for!  
You don’t need to know all the answers or how everything works.  
You just need to remember where to look for them.**

If you see further additions and information that we could add to the Warrior Class Guidebook that will be helpful, let us know! We will continue to update this resource based on your suggestions and observations. Welcome to our grand adventure!

## Welcome to TWC!

If you're just joining us, congratulations on completing the New Member Process! Your adventure in Level 1 Training/Identity now begins. You'll get to know some of our veteran members and coaches, as you explore the resources that The Warrior Class has to offer.

This Guidebook is a tool to help you navigate the many aspects of The Warrior Class. We update it several times a year and post it on the website so you can print a new copy. Because we are a process (not a program), we are providing you with tools and opportunities. The rest is up to you as to how much you wish to pursue. Everyone has a unique pace of growth, diverse interests and varying levels of priority.

We firmly believe that it is the process that makes us rich, so enjoy your explorations. Allow Holy Spirit to help you sort and prioritize how He desires for The Warrior Class to work for you. No one else's journey will be quite like yours.

## An Overview of The Warrior Class

The Warrior Class provides a place where those who are hungry for deeper relationship with God and Kingdom minded warriors. In this process, we seek to strengthen identity in Christ and explore more of the life of a New Testament spiritual warrior and what's possible in prophetic intercession. We have specific assignments in the Kingdom that we know are ours to pursue and expand, so it's why we're not a "come one, come all" community. We want these to be your passions as much as they are ours. In our view, what you invest in us is also investing in your development and destiny.

We are a group of warriors, champions and influencers who are taking full advantage of our own unique resources. Someday you may help us design a unique resource, too!

The Warrior Class is a grand place of dialogue, training, friendship and a good fight to produce Christian warriors and intercessors who are joyful, resilient, powerful and know who they are in Christ. Our Intercession (Intel) continues to develop and is one area we feel the Lord will allow us to have a Kingdom impact for Him. You get the invitation to be part of that impact each time you step into an invitation to our Intel Process.

The responsibility for your development is in your hands. Our job is to supply the resources and opportunities—and we have many available—a buffet table! What you put on your plate is between you and Holy Spirit. Remember, there are plenty of opportunities to refill your plate with different dishes along the way! At the end of the day, The Warrior Class is also *your* story and journey to write with God.

## **Training**

The Warrior Class (TWC) is comprised of one main team with many specialty trainings available, once Level 1 is submitted.

New Member Process (four months)

Warrior Class (Level 1 and beyond)

Specialty Training (post Level 1 options - by application only and includes Champion Training and Intel Development Training (IDT). IDT requests Level 2, Module 1 completion, as well.)

Every member progressing through our Training:

Level 1: Identity

Level 2: New Testament Prophetic and Prophetic Intercession (3 Modules)

Module 1: Approaching the Heart of Prophecy

Module 2: Making a Prophetic Impact / Crafting Prophetic Words

Module 3: Prophetic Intercession, Intel and Crafted Prayers

After Level 2 is completed, you will have free choice of various advanced training modules (ATM) that most people explore for 3-6 months, covering topics of a spiritual warrior and prophetic/intercession. In addition, we continue to explore how God is opening up the creative process to undergird our training. For more information for each training level/module, go to our website and visit the Training Tab.

We believe strongly in the power of choice. What this means is you have the power to choose what you include in your training. Along with your self-paced training levels and modules, we have numerous calls to add additional support for your training. Calls will be on different times and days as we balance the many time zones represented in this global community. This means you may be able to connect directly or might get to listen to the recordings posted on Facebook.

We also offer specialty training to hone or sharpen you in certain areas of development. We also offer Intel (Prophetic Intercession) invitations throughout the year.

## **Intercession (see more in “Intercession inThe Warrior Class section”)**

We pray according to our Kingdom Assignments, not from a list of “prayer needs” or “prayer requests.” While there will occasionally be a real time call to prayer, prophetic intercession focuses on knowing what our targets are, what Jesus and Holy Spirit are praying and then collectively determining how we can best join them.

**We are excited to continue to explore the expansion of our Intel process to include targeted prayer for people in more areas of influence. Look for information and emails on when you will get to participate in this unique experience.**

In Level 2 - you will receive further training on the culture of the prophetic in the New Testament, prophetic intercession and Intel. After that, specialized training in prophetic intercession can be pursued to learn more on how to help with the background of Intel.

Most of all, TWC is a place to practice and experience being a *joyful* intercessor, encountering the partnership with the Holy Spirit to pray with one heart, one mind and one voice together.

## Why One Team in The Warrior Class?

*Making the Most of Your Experience*

Warrior Class is one large team of members who share a unified direction and purpose. We offer coaches who target their focus on each stage of your journey and story. With coaches who train, support and help you process your current training, you are able to tap into rich resources and people who are on a similar journey as you. We all love the learning and we are all learning.

### **The purpose of Level 1:**

Gives you more time to acclimate to all TWC has to offer

Allows you to focus on building your foundation in identity in Christ

Connect and add to intercession, but not have to grasp the details of the Intel process yet

Level 1 is your opportunity to discover more of who God created you to be and then see how Warrior Class best fits both your identity and the pace of your life. It is a beginning step. We have found the Lord continues to develop and upgrade our understanding of identity confidence throughout all of our training levels, processing and specialty training.

**What comes after Level 1 training?** Greater flexibility in time, focus, pace of training and community interaction.

After the completion of your Level 1 Training, you can continue the self-paced training or apply for the more focused Champions Training experience (1 year commitment), specialty training or focus on Level 2 and then on to your next advanced training modules. What you decide to explore is your personal choice.

We give you the flexibility to choose how much of your time you invest in TWC. You have the freedom to balance the other very valid priorities of life, such as family, work or other ministry opportunities. Your powerful choice is to give your full focus on whatever percentage of your time you can allocate to your training and connection in TWC. The percentage will be different in different seasons of your life. If you have 10% of your time to allocate to TWC, then intentionally aim the full amount of your focus for that 10% on TWC.

Your level of involvement and interaction in Warrior Class is your choice. We get to know the members that connect with us on training or Engagement calls, Facebook, Connections Ambassador emails, emails to coaches and Training Days. No matter if you are an introvert, extrovert or ambi-vert, we have a way to connect. In addition, we encourage you to “get your brave on” and connect to other TWC warriors who can act as Warrior Class Buddies to encourage your journey.

## Resources and Support

We trust you to decide how many resources or connections you wish to utilize in Warrior Class—and there are a lot to choose from! Remember *you are not meant to use them all, all the*

*time*. Their purpose is to provide a rich choice of tools and services that you customize to fit your passions, focus, priorities and personality.

Here's a quick overview of what we offer and how they work:

## **Warrior to Warrior**

### **1. COACHES**

Our Warrior Coaches are volunteers who love to share in the learning. They are here to provide:

- Training Calls on specific aspects of Training Levels
- Offer guidance for questions or insights that you prefer not to post on Facebook or for specific areas of your training process. (see emails below)
- Give feedback on completed training levels or modules
- Post training support on our Facebook page

Our Warrior Coaches do *not* provide:

- Personal one-on-one mentoring or direct answers to all questions. Our culture of coaching offers ideas and resources to point you in the right direction in your own process of development.
- Individual prayer needs or requests. They often pray for you, but do not serve as a replacement for your personal friends and family connections for prayer.

The Warrior Class works on a group mentoring process and our coaches are continuing to train, learn, discover and grow. For more on group mentoring, you can read Graham Cooke's article on "Mentoring" in Training Journal 13 - The Nature of Exploration (page 15). **This is a key article in understanding TWC.** It is available on our Member Website, under the "Resources" tab.

### **2. ENGAGEMENT FACILITATORS**

The Engagement Facilitators are fellow warriors who open a space for you to process your journey and story. Each one has an area of passion that acts as a lens to process your journey through for the conversations.

These facilitators are point people for the call (not coaches). Instead, they hope to offer a place of conversation and dialogue for you to discuss what God is doing in your life and how you are developing along the way with other warriors in TWC.

Our Engagement Calls are centered on a certain topic and are designed to give you and others space to process journey and story from the specific focus of that group. For example, if the focus is on Identity, you get the chance to process your story and training experiences from how your identity has been strengthened, challenged or upgraded. You can join as many or as few of the Engagement Calls as you would like.

We have several Engagement Calls each month for you to jump on and connect.

### **3. CONFERENCE TRAINING CALLS**

Join as many as you want...these optional calls are listed each month on Facebook and a master list for all calls is on the website. Access/Call Calendar. Choose the ones that will best support where you are in your training or in understanding TWC. Some, but not all call topics are repeated throughout the year.

We have many different types of calls. Our training calls are focused on expanded training on the topic and questions to support the training. They are lead by our coaches and they pull from our self-paced training, their experiences and the revelation they have received along the way. But, all on the call are invited to share the gems gained along the way.

Barring technical glitches, we will post call recordings on our Warrior Class Facebook page. However, calling in live allows you to interact with others and ask questions, which is always valuable. We attempt to offer calls on numerous days and times so everyone has at least some available at convenient times throughout each month.

**Get Your Brave ON!** Sometimes, at the beginning of their TWC experience, people find it challenging to join a call. There might be a fear of saying something silly or not knowing how it all works. If that happens for you, see it for the upgrade opportunity it is. You can't make a mistake in TWC. You can have a new experience and learn! This challenge is a common obstacle and you get the joy of overcoming it. Take risks. Ask questions. Share your experiences. We love that!

#### **4. CONNECTIONS AMBASSADORS**

Connections Ambassadors are made up of coaches and members who enjoy encouraging others in their walk. Our hope is that each member will receive an email from someone on the Connections Ambassadors team several times a year. This gives you a chance to share a bit of your story and ask any question you have not yet had a chance to post or email. This is a specialty training that is available to members after completion of Level 1. To find out more, send an email to [twclass.member@gmail.com](mailto:twclass.member@gmail.com).

#### **5. WARRIOR BUDDIES**

Warrior Buddies are a way for you to share your journey with someone else or a couple of others in our community. Most try to connect by geographic location, times zone or training level. Some meet face to face or via phone. Finding a Warrior Buddy is up to you. Just post your desire to find a Warrior Buddy on Facebook with your time zone and area of training focus. It may take a few tries as not everyone is on Facebook all the time. If you need more help in connecting with someone, let us know and we will try to help you. While we whole-heartedly encourage these connections, TWC is not responsible for the content, oversight or management of these conversation. We're trusting all of you to share responsibly and we have provided suggestions for what these connections might include.

#### **6. TWC COMMUNITY GATHERINGS**

These are informal gatherings initiated by our members to connect with other TWC members in their geographic region, usually with a focus on TWC fellowship, activations and testimonies. Information can be posted on our general TWC Facebook page. Photos and reports are welcome to be sent in for Frontline.

While we whole-heartedly encourage these connections, TWC is not responsible for the content, oversight or management of these gatherings. We're trusting all of you to share responsibly.

#### **7. FACEBOOK**

**The TWC (Warrior Class) Facebook page** is a main resource for questions and to receive coaching from the whole community. Your coaches and directors are continually posting questions, insights and training videos. But, so do all our members! Join the conversations! We

also post call times/events that let you know when the next conference call is coming and other important updates. It's the place to share your discoveries and be encouraged by others. *It is very, very helpful and is a main form of real time communication.*

**The TWC Facebook page** is for all TWC members - though it is private and closed to anyone not a part of The Warrior Class. We want to be sure you get to meet people from every part of TWC and this is a great place to do it. It's also where we post updates or opportunities that apply to everyone, such as Training Days and real time prayer targets.

*FYI - Facebook has become a significant part of TWC communication, prayer and training. You do not have to participate in all of Facebook to be part of our pages. Participation is your choice, but we want to be sure you understand that without checking our TWC Facebook pages, you will be missing one of our key forms of communication and community building.*

#### **Use Facebook to**

- Ask your questions that other members can benefit from
- Get to know your coaches and listen to their video posts
- See training call reminders and connection information
- Hear recordings of recent and past training calls
- Share, read and comment on member testimonies
- Get time-sensitive updates and unpack scripture or get timely prophetic words from the Directors and coaches.

#### **We kindly remind you that our TWC Facebook pages are not for:**

Personal posts about family and friends that do not relate to TWC training or topics  
Inspirational posts that do not connect to our training focuses  
Personal blog links to your own sights  
Personal prayer requests  
Please see the General Use Guidelines on the website under Access/Facebook/General Guidelines

All of these are items for your *personal* Facebook page only, as our goal is to keep these pages focused only on Warrior Class topics. Thanks for your help.

#### **Friend Requests/Warrior Buddies:**

You are encouraged to “friend request” other TWC members so we can get to know each other’s lives and form relationships - however, you are completely in charge of the level of personal connection that you wish to pursue. You are not required to accept TWC members as “friends.”

Once your “friend request” has been accepted, you can use Facebook Private Messaging to send a personal message or exchange personal contact information. **TWC does not release emails or personal contact information.** Members are not required to respond to Private Messaging.

Let us know if you have questions on how you can use Facebook best.  
We have some creative possibilities we can share if this is a new adventure for you.

## **A Wealth of Resources to Enhance Your Development**

### **1. THE MEMBER WEBSITE - our #1 resource**

**See the front cover of this document for the most updated password and user name.**

This is one of TWC's richest resources! It is where we have TWC exclusive training tools available to you, so be sure to use it. We continue to update the website and will create tutorials along the way. We will post when those are available.

There's so much here that we've found it helpful to give some recommendations for where to start. These are what we would consider our top resources to explore on NEW site:

#### **Training Level "helps"**

Level 1 has sample identity statements and videos that will help you. Before emailing questions to coaches, be sure you've checked this out. Other levels and Advanced Training Modules will continue to add video helps as we continue to grow - so keep checking back.

#### **Past Intercession Updates and Frontlines**

You will receive an email with each new publication, but to access older ones, you can find this information under the "Resources" tab.

#### **Training Journals**

These are one of TWC's richest resources - however, there are quite a number of them by now so don't try to tackle them all. Find a topic of passion or helps answer a question. Members are not expected to master the content of Training Journals. They are here to support you in key aspects of TWC.

#### **Intercession and Key Territories**

This tab on the website has some of our Crafted Prayers and Prayer Points in one place. If you have questions about "Key Territories" in our intercession, check out Training Journals 15 & 16 for more on those and how we use them in TWC.

### **2. FRONTLINE**

Frontline is what we view as the cutting edge of where we are and what God is doing. The training articles released are based on our prophetic understanding of what is on the forefront of TWC and what keeps us engaged on the Frontline of the clash between two kingdoms. Frontline is released monthly. It also shares various keys our coaches and members have discovered through experiences, self-paced training and training/engagement calls. It comes out through email and is posted on Facebook on the **2nd Friday** of the month. We archive them on the website under Resources/Publications/Frontline.

### **3. WARRIOR UPDATES**

Where is the most recent innovation, opportunities, information and Intel shared in TWC? Our Warrior Update! It comes out on the 4<sup>th</sup> week of the month. The Warrior Update has the (literally) ground breaking Crafted Prayers for each Prayer Focus. These prayers are where we kick start the promises and provisions discovered through our prayer process just as we hand them over to the leaders behind each Prayer Focus. The Warrior Update also contains our most

recent training and information on Intel, Intercession and Crafted Prayers. It also gives you a head's up on Training Days, latest news and highlights and things you might not want to miss coming in the next few weeks or months.

#### **4. TRAINING DAYS**

We hold Training Days as an opportunity for our members to get together in one location and train. More information will come as we have venues and dates. It is a treasured experience.

Training Days are a three day event, going from Thursday-Saturday or Friday-Sunday depending on the venue. They are optional but our members find them one of our richest assets.

Friendships are formed and strengthened and being together in the same room is a rare privilege that seems to always accelerate us into a new place in God. We always capture as much as we can in the Frontline that follows. See the front page of this guide for the dates of the next Training Days.

**5. The TWC PUBLIC FACEBOOK PAGE** is for everyone. It is a way to share our blog posts and some of our member's stories along the way. It's a great place to tell your friends to like so they can also share some of the wisdom and experiences we learn along the way. You are welcome to post on/comment, like and share the content...it really helps us out when you do because this is one way we get to outreach to others and celebrate what God does for us!

### **Intercession in The Warrior Class**

As you know, one of the primary focuses of The Warrior Class is developing joyful, powerful intercessors who know how to pray with God's answer, instead of just for an answer. (*Crafted Prayer* page 22).

Our Kingdom Assignment in prayer is different than most you've encountered and we want to give you time to experience it. The Intel process (prophetic intercession) is open to all our warriors. To include everyone in this invitation, you are randomly grouped with several others who are invited to this prayer focus.

Information will be sent to your "group" when it comes up for the invitation to participate. These invitations will include the prayer focus, processing questions and a team of Intel coaches who are there to help you with questions and support. The current process is two, two week rounds to hone and develop the information. Then it goes through several more steps before it is sent to those leaders behind the prayer focus. We also have calls/videos to help you engage in our unique form of intercession and Intel coaches specifically trained in this area to help you. [Twc.intel@gmail.com](mailto:Twc.intel@gmail.com)

This invitation will be offered to you 1-3 times a year through email. The prayer focus will change for each invitation and is explained in a short paragraph. We do not offer a lot of information because we want to ensure we have the purest filters possible as we hear from God and desire to seek God's heart without bias for those who are more well known.

The innovation we have recently experienced through this outreach took our Intel to new places. It is the direction we feel the Lord is taking the extensive training we have experienced and allowing it to encourage, exhort and undergird Kingdom leaders (and communities) in all areas

of influence. It is a place where we give back to Him by carrying forward the legacy of partnering with promises and provision.

Prayer for Graham:

As Graham has shifted from having as many events to more of a behind the scenes ministry focus, we have shifted to accommodate this change. You are welcome to continue to pick a day of the week as your “Pray for Grae” day. This is where you can practice developing Crafted Prayers and lifting Graham, Theresa, and all things Brilliant up to the Lord.

## **OUR LANGUAGE**

Because we have a unique focus on prayer, some of the language we use may be new to you. So to find out what we mean with the common words you will hear us use for intercession, see our website under the Intercession/Prophetic Intercession in TWC (and processing questions) tabs.

## **WHAT TO PRAY?**

Initially in the Warrior Team, your focus is on acclimating to our culture of prayer, becoming familiar with our Key Territories in Training Journals 15 and 16 in the Resources/Training Journal tab. You can also try praying the Prayer Points and Crafted Prayers. Christine Casten posted our TWC Crafted Prayer for 2018 on Facebook.

Our unified Crafted Prayers allow us to pray with “one heart, one mind and one voice” regarding our Key Territories, promises other intercession assignments. You can adapt them to language that is authentic to you and of course, you can always pray as God directs.

Also check our monthly **Warrior Update** to find our current Prayer Points for any upcoming events or prayer targets.

After completing Level 1, you can pursue additional Intel Development Training to become a part of developing the Prayer Points that all of TWC uses. Watch for the training dates in our Warrior Update.

## **ORGANIZATION IDEAS FOR INTERCESSION**

Many of our members create an **Intercession Notebook** of some sort. Having this allows you to just grab your binder for prayer times and gives you a place to take notes of what you hear and sense from God. They include sections for:

- Printed prayers from the **Intercession Update** each month
- Printed copy of Training Journals 15 “Taking Your Internal Ground” and 16 “Strategic Intercession” –We refer to these journals often
- Your own prayers and explorations in intercession
- Inheritance words/scriptures for meditation and prayer
- Any current prayer focuses/Crafted Prayers from TWC
- And whatever else you want to include!

You can keep **Crafted Prayers on your phone** - this is great for when waiting in line - or make a **Bulletin board** of prayers.

**For additional helps see:**

**Training Journal 10** Always Getting Answers

**Training Journal 5** The voice of the Lord

## **Communication**

We offer you several points of connection and opportunities for interaction and information. It will be your choice as to how much you wish to connect through any of these resources during your Warrior Class experience. We value your process enough not to chase after you, but to invite you into connection with us...consider this your ongoing invitation.

We do request that you refer to this Guidebook, Frontline, the Warrior Update and TWC Facebook to answer your questions first. But, if you have a question...we are excited to help you out. With the meaty buffet table we provide, you might want some help in how to direct your questions. We'll be happy to assist you.

### **WHO DOES IT GO TO?**

**Questions for your Warrior Coaches:** [twclass.member@gmail.com](mailto:twclass.member@gmail.com)

If you have a question that is not covered in this Guidebook and you would rather ask it directly rather than on our Facebook page, you can email our Warrior Coaches. You are not assigned to a particular coach, because we want you to receive input from a wide variety of perspectives. And, we value the opportunity for our coaches to ebb and flow, so our coaches take monthly rotations for our email. We have two Warrior Coaches checking the gmail regularly.

**Training Levels or Modules Completed:** When you complete a Training Level or Module, convert it to a **WORD or PDF document**. Please do not use Pages as many of our coaches do not have systems that can open this format.

**You should receive feedback to your training within 14 days and to your questions within 5-7 days.** If you do not, kindly send a follow up email to the Warrior Class gmail. We might have accidentally overlooked it and appreciate your joyful reminder.

**Prophetic Intercession/Intel:** [Twc.intel@gmail.com](mailto:Twc.intel@gmail.com)

When you receive an invitation to participate in our Intel process, feel free to contact the Lead Coaches for Intel/Prophetic Intercession. They understand the Intel process and have a wealth of training to answer your questions. Their passion for Intel creates a delighted atmosphere to help you better understand what's involved or help you with challenges. Most likely, they have faced similar ones and will have suggestions for you to overcome and breakthrough.

***A kind note regarding TWC communication:***

*Overall, we desire to offer a variety of ways to communicate, however, it is always your opportunity to access them ~ not ours to ensure that you do.*

*We are developing warriors, champions, and influencers who will risk vulnerability and “get your brave on!”*

**Joining Training and Engagement Calls Goto Meeting Quick Start Guide**

We use a service called Go To Meeting. This is a video call services that allows us to view each other and build connections.

There are four ways to join a call:

1. Sign-in to GTM at [www.gotomeeting.com](http://www.gotomeeting.com) Click on” JOIN A MEETING and type in the ACCESS CODE
2. Follow the [link](#) and prompts from Facebook Events or the email reminder type in the access code
3. Dial-in. There will be a number where you can dial in, if you are driving or have any background noise, kindly place your phone on mute and enjoy the call.
4. We will send an email reminder to you with the call link information in it. This email will come out the day before a call for most training calls and for engagement calls. Some of our training calls, such as writing Crafted Prayers or mining a prophetic word will need a bit more preparation time and will come out 1 to 2 weeks before the call.

Requirements: In order to join video calls you will need: A webcam (either built-in or external) A speaker or headphones

International members: Please follow the link to avoid long distance call charges

\*Note: Technical difficulties sometimes occur. Please check the Facebook page for real time information on next steps or new links for the call.

If you have any questions, feel free to email your New Member Coaches:

[twclass.member@gmail.com](mailto:twclass.member@gmail.com)

## TWC Directors and Leaders

### Your Directors

#### CHRISTINE CASTEN – (EXECUTIVE DIRECTOR)

“God is my passion. TWC is my tribe. My life is an amazing adventure as I explore the possibilities and dream with God. I have the joyous privilege of expressing these passions through all I do: Wife and best friend to John (25 years), mom to my two college aged kids, friend, mentor, trainer, strategist and pioneer.

I love hanging out with God to discover His heart for everything. Sharing His encouragement for others directly, through Intel or in other types of communication fuels excitement for the process and expectation for who each of us is becoming. My favorite thing is a problem, whether it is my own or someone else's, because I love to discover the promise and provision God has waiting!” I am relational, collaborative and excited to get to know you.

I love exploring and dreaming with God – few things match up! A favorite adventure is finding the dots and seeing how they connect. My other favorite thing is working with coaches and members on development, identity, training, Training Days and writing, such as the public blog. But, I so enjoy the process that makes us all so rich!

#### TERESA MORRISON – (DIRECTOR OF OPERATIONS/NEW MEMBERS)

My husband Loren and I were both born and raised in the San Francisco Bay Area. My husband is a retired pastor, and is now a number's guy for Home Depot. I have been in full-time ministry since the day I gave my heart to Jesus. I have always loved seeing lives transformed by God's amazing love.

We moved to beautiful New Mexico in 2008. The Warrior Class is my tribe and passion. I get the amazing job of coordinating TWC behind the scenes, as well as teaching in The Warrior Class.

I am a modern day “Joseph” who loves to see what's ahead and strategize. I adore wisdom. My life has been enriched through all of you! I love who we are now, and who we are becoming! My life passion is hearing the voice of the Lord, my heart turns to hear how He speaks to us individually and corporately, His creative nature amazes me. It's really is an open-ended subject, His creative ways intrigue me and make my heart sing!

My inheritance scriptures are: Isaiah 61, Psalms 91, Ephesians 3:20, Zephaniah 3:17 and Genesis 49:22. My favorite identity statement is: I am a waterfall of blessing, giving and

reinvigorating the goodness and generosity of the Lord.

### KARLEIGH WOOD (DIRECTOR OF INTEL)

Hello! 😊 My name is Karleigh Wood and I live in Frisco, Texas with my husband of 21 years, my two sons and our dog. An aspect of God’s nature that is a life long thing for me is His goodness. One of my inheritance words is Job 11:17-19 ~ “Your life will be brighter than the noonday. Even darkness will be as bright as morning. Having hope will give you courage. You will be protected and will rest in safety. You will lie down unafraid and many will look to you for help.”

One of my identity statements is: I am an enhancer ~ drawing out the gifts and identity in people and helping them build on it. TWC has been instrumental in deepening my relationship with God, discovering my identity in Christ, growing my prophetic gift, deepening my understanding of worship and intercession.

One of my passions as a coach is to serve as a stepping stone in helping you launch upward in becoming all you are made to be in Jesus as you journey along in life.

### SHARON RUDOLPH (DIRECTOR OF TRAINING)

I grew up in Waco, Texas, graduated from Texas A&M, then moved to Georgia in the 80's where I met my husband and had 4 kids who are now all mostly grown. My husband and I enjoy going on a cruise once a year with friends where we take time to truly rest and recharge.

All God is goes beyond what I can think or imagine and intimacy with Him is the best part of everything. Psalm 27:1 “The Lord is my light and my salvation, whom shall I fear. The Lord is the stronghold of my life, of whom shall I be afraid.” One part of my identity statement has been expanding and growing since I finished my Level 1, opening up what I’ve needed for the rest of my ID statement to grow as well: I am a beloved daughter, greatly delighted in, who has been given expansive territory to explore and ENJOY DEEPLY.

The Warrior Class has been the territory where I have learned what that statement means and have had a place to practice and dialog with others about Who God is for me, so that I can step into everyday life and other new territories to make a bigger difference for the kingdom on this planet. As a coach I desire to encourage opening doors to new possibilities and closing doors to old, no longer needed, mindsets as each member becomes all Father God originally designed them to be as co-heirs with Christ.

**Coaches: For the most updated information about your coaches, who they are and more of their hearts for this amazing adventure, go to the website under Access, Meet Our Leaders.**

### Enjoy Your Warrior Journey

Most of all, enjoy the journey as you explore. If you are new to The Warrior Class, it takes time to absorb the language, the opportunities and the lifestyle of joyful intentionality. You will travel

quickly in some things and more slowly in others. Your only responsibility is to follow Holy Spirit's pace and priorities for you.

**Almost every TWC member gets to overcome a sense of being overwhelmed initially or that everyone else seems to be getting it more quickly than they are.** All of us have had the opportunity to exchange that perception for the truth that each of us has our own unique story and journey with God - and to rest in that.

Our training, equipping and community are here to empower you. We care very much about you becoming everything God created you to be, but pastoral care/counseling is not our primary assignment in your life. We'll entrust that to your local friends, family and church communities. We delight in being a "band of brothers" who train in their truest identity and the power of relational prayer so that when challenges arise, you'll be more equipped to overcome with joy.

We are training warriors and champions, not foot-soldiers. We expect to do it with joy, peace and delight because those are some of our chief weapons. We expect excellence and brilliance, motivated by passion and delight... an ongoing journey with each challenge we face and new place of growth.

Thank you for committing to this journey and going on it with us. If you see areas of upgrade, have questions or just want to celebrate the journey, let us know! There is no probation time in TWC. Your perspective and voice is valuable. Historically, many of our innovations came from our members, not just our leaders.

Relax, have fun, keep the spirit of adventure, love the learning and discover the joy of who God is on the battlegrounds of life as well as exploring the Kingdom before us. We are doing this individually and as a Kingdom community. We are here for such a time as this.
